Aluminum Service Bodies

Custom Made for Your Business Demands

Who is F. Barkow Inc.?

Since 1879, F. Barkow Inc, has been building quality truck equipment and bodies to meet the needs of our customers. Family owned, F. Barkow Inc., is known for high quality construction at reasonable prices for over 133 years.

Barkow's custom body resume includes glass racks, service (utility) bodies, flatbeds, stake bodies and many other custom built bodies.

Take your work space with you!

The Barkow Aluminum Service Body is a custom manufactured, versatile, utility vehicle built specifically to meet your every day needs; providing both spacious compartment storage for small tools, and easy access to larger tools, materials and equipment.

Standard Features:

- Largest Toolboxes on the market
- Mounts easily and securely

Toolboxes:

- Fully adjustable aluminum shelves with stainless steel dividers
- Adjustable shelf dividers
- Full height (or length) continuous aluminum piano hinges for security and strength
- All stainless steel hardware
- Stainless steel chain used to hold tilt-down door

Toolbox Doors:

- Double-shell, aluminum, reinforced doors for security and durability
- Stainless steel, heavy duty, paddle lock
- Stainless steel door latch striker pin
- Gas spring door openers; eliminates over swing, keeping doors in open or closed position
- Weather tight automotive gasket seals around all doors; protection from elements

Rear Gate:

- Structural aluminum keeps tools in; doubles as a workbench when down
- Pick-up style tailgate

Bumper:

- Heavy duty aluminum step-bumper with grip tape and reflective tape

Lights:

- All LED running lights and directionals
- Directional and marker light wiring use all sealed connections

Flooring:

- 8 Foot Body: 96" x 50" -- 1/8" High Quality Aluminum covered with rubberized, slip resistant coating
- 9 Foot Body: 108" x 50" -- 1/8" High Quality Aluminum covered with rubberized, slip resistant coating
- 11 Foot Body: 132" x 50" -- 1/8" High Quality Aluminum covered with rubberized, slip resistant coating

Interior:

- Horizontal Load-Holding "E" slats around perimeter of interior of body
- perfect for securing tools and supplies during transport

Going GREEN...

Aluminum Barkow Service Bodies:

8' Body = 700lbs:

- *doesn't* require a one-ton truck
- light weight:
 - saves fuel
 - less wear and tear on brakes and suspension
- recyclable
- repairable
- will never rust

Who will benefit from a Barkow Aluminum Service Body?

- Municipalities
- Utilities
- Road Construction Companies
- Plumbers
- Electricians
- Door/Window Companies
- Remodelers
- Contractors
- Property Management Companies
- Locksmiths
- Anyone who needs their workshop with them during business hours

Lifetime Warranty:

Lifetime warranty against defects and workmanship. Just bring it back to us and we will repair it. That's how confident we are in our aluminum service bodies.
